"His hold is breaking!" That's the message written in blood across the minds of Arkham Tower's inhabitants, after a nightmare melee is unleashed! With Gotham's deadliest criminals reverting to their former, murderous selves in one horrific night, Dr. Wear has a lot of explaining to do...and a lot of covering up to perform. Can Nightwing get to the bottom of this mystery before the people of Arkham Tower are put in peril again?

Plus, Batman's iron grip on Gotham is enough to drive the desperate to madness...and madness is on the mind of the Boy in part six of "House of Gotham." When an average night at coat check at the Iceberg Lounge turns into a violent battle royal between the Dark Knight and the Penguin, lines are blurred, people are hurt, and the Boy's descent into a life of crime deepens...

As Dr. Wear desperately tries to keep his plans for Arkham Tower from crumbling, a major drug deal gone bad puts the nervous doc in the sights of both the Party Crashers and the Penguin! The list of people very badly wanting to kill Dr. Wear grows, and Nightwing is on the precipice of cracking the whole scheme wide open! But with the maniacal Party Crashers waging war against the Bat-Family across Gotham, Dick must choose between helping a tower full of villains and helping his family!

Then, it's Knightfall in Gotham during part seven of "House of Gotham," as the Boy (growing into a man before our eyes) runs afoul of an uber-violent, unhinged Azrael Batman! This latest conflict pushes Gotham's most vulnerable into madness, and one man's rogues gallery reveals itself as another man's salvation.

It's Nightwing versus Psycho-Pirate in the grand finale of "Shadows of the Bat" act two of three! As Gotham's elite gather to celebrate the formal opening of Arkham Tower, Dr. Wear's secret weapon is more unhinged than ever, and the storm clouds of disaster gather above the city's monument to reform! The Party Crashers, the Bat-Family, Penguin's forces, and a tower full of innocent civilians and villainous patients converge in the chapter you'll need to see to believe! Spoiler alert: not everyone makes it out alive!

Every story has two sides, and as much as Batman has reached out his hand through the darkness to try to help the Boy, there are too many hands in the shadows of Gotham pulling in the other direction. The finale of act two of "House of Gotham" poses a stark choice: Live with the family you know, or betray everything you've learned to be true?

But nothing is ever truly normal for this young hero, because she's just been chosen as the new champion of Shazam! (At least according to a talking rabbit sent by her estranged brother Billy.) The attacks begin without warning. Brutal, sudden...cannibalistic. A metahuman with all the power of Superman but none of his humanity. An unstoppable being ruled only by hunger and instinct, striking at random across the world. To stop this threat, Harley Quinn, Peacemaker, Captain Boomerang, and King Shark have been assigned to corral, nursemaid, and if necessary execute five deadly new recruits: the expendable products of a secret government procedure called BLAZE. They're ordinary prisoners, endowed with incredible power...and the certain knowledge that it'll burn through them like wildfire. They have six months to live, maximum. If you're staring down life in prison, maybe that's a good deal—especially if you're Michael Van Zandt, desperate to reunite with the mad lover who forsook you after your Bonnie-and-Clyde crime spree.

But that power? It's surprisingly transferable. As each member of the Squad dies...the others get stronger. What would a hardened criminal do with that knowledge? Worse yet: What would a desperate, lovesick idiot do with it? One thing's certain: this time the Suicide Squad's bitten off more than it can chew. Win or lose—they all burn.

Simon Spurrier and Aaron Campbell, the creative team behind the critically acclaimed *John Constantine: Hellblazer*, have been turned loose on the one DC title even more horrific and blackhearted than that one! We suggest you brace yourselves...

Bullied nerd Virgil Hawkins wasn't the kind of kid you'd normally find on the streets at the protest—but like everyone else in the city of Dakota, he was fed up. Unfortunately, the first time he stood up to raise his voice, the world turned upside-down. The experimental tear gas released that day left some of his classmates maimed or dead... but it left Virgil, and others, with stunning new abilities. Virgil has power inside him now—real power, the ability to channel and manipulate electromagnetic fields—but there's anger burning inside him, too. What is he supposed to do about all of this? And first and foremost—what is he supposed to do about his bullies, now that they've got super-powers too?

A dynamic creative team of new comics voices and Milestone Media veterans have joined forces to open up a fresh chapter in the story of the most iconic Black teen superhero in comics history! Collects *Milestone Returns: Infinite Edition* #0 and *Static: Season One* #1-6.

WONDER WOMAN: EVOLUTION #4

Wrenched away from Earth and marooned on an alien world, Wonder Woman must stand trial as Earth's proxy as alien gods determine if humankind even deserves to exist. Diana believes she's the equal to any challenge placed in front of her, but even she is not ready to take on the entire Justice League in a battle with no quarter asked and none given! Wonder Woman goes cosmic with writer Stephanie Phillips (*Harley Quinn*) and artist Mike Hawthorne (*Deadpool*, *Daredevil*).
